

Shape Tracing Adventure: Big Shapes for Little Hands

Trace the large shapes first, then practice drawing them on the lines below to improve pencil control.

Three large boxes for tracing practice:

- Box 1 (Pink border): A right-angled triangle with dashed lines.
- Box 2 (Blue border): An inverted right-angled triangle with dashed lines.
- Box 3 (Purple border): A semi-circle with dashed lines.

Illustrations of a beaver and a raspberry character are placed below the boxes.

Tracing row 1: A series of seven right-angled triangles (pointing down-right) on a set of three horizontal lines.

Tracing row 2: A series of seven right-angled triangles (pointing down-left) on a set of three horizontal lines.

Tracing row 3: A series of seven inverted right-angled triangles (pointing up-right) on a set of three horizontal lines.

Tracing row 4: A series of seven inverted right-angled triangles (pointing up-left) on a set of three horizontal lines.

Tracing row 5: A series of seven semi-circles on a set of three horizontal lines.

Tracing row 6: A series of seven semi-circles on a set of three horizontal lines.
