

# Shape Tracing Adventure: Little Hands, Big Lines!

Trace the large shapes first, then practice drawing them on the lines below to improve pencil control.

Three large dashed shapes for tracing are shown in colored boxes: a green box containing a trapezoid with a circle below it, a red box containing a drum, and a purple box containing a six-pointed star. Below the green box is a cartoon broccoli character holding a basketball. Below the red box is a cartoon beaver character holding a nut.
